

About the City of Citrus Heights

Citrus Heights, located in Sacramento County, California, is an established suburban community with a population of approximately 84,000. The City has a total area of approximately 14 square miles and has a well-developed commercial base. Citrus Heights is creative and non-traditional in its government approach. Since incorporation in 1997, 11 distinct neighborhood associations were formed along with several business improvement districts/associations. These organizations are vibrant and communicate regularly with the City. In response to this highly involved citizenry, the work environment is fast-paced and customer-driven. Employees are expected and encouraged to use initiative, be flexible and go the extra mile to provide a high level of customer service both internally and externally.

The Position

As part of the General Services Department, the Engineering Division is responsible for planning, development and construction of transportation, drainage, and facilities capital improvements; development review; right-of-way management and inspections; assessment district administration; stormwater quality management; and community outreach to residents and businesses affected by a large variety of capital improvement projects. The City of Citrus Heights is seeking a full-time licensed Professional Engineer, reporting to the City Engineer, with strong capital project management skills and a solid understanding of drainage design, stormwater management (and related permit processes) and development review.

The position will be involved in all aspects of a variety of Capital Improvement Projects (CIPs) that are intended to enhance the City's infrastructure, extend the useful life of public facilities and improve or enhance delivery of City services. The position will review, design, assess, and oversee implementation of the City's storm drainage master plans; assist in developing and monitoring annual drainage related budgets; review consultant developed plans; monitor storm drain maintenance work; and review and approve invoices for contractor operations. Additionally, the position will oversee the City's stormwater quality program, attend monthly regional storm water partnership meetings, perform building permit review, development proposal review, improvement plan review and manage special projects as assigned. Knowledge of Municipal Separate Storm Sewer Systems (MS4) permit regulations/requirements, California Department of Fish and Wildlife's (CDFW) Streambed alteration agreement process, and the California Environmental Quality Act (CEQA) are beneficial. Qualified (Stormwater Pollution Prevention Plan (SWPPE) Practitioner QSP and /Qualified SWPPP Developer (QSD) certification is desirable.

Ideal Candidate

- Possesses strong professional civil engineering experience in the design, construction, and management of public capital improvements across a broad spectrum of size and value.
- Demonstrates the ability to understand, interpret, and apply City codes and ordinances, rules, regulations, and guidelines in accordance with civil engineering practices and standards.
- Has the ability to explain City development and engineering standards and related engineering information to the public, other public agencies, utilities, developers, contractors, and consultants in a clear and understandable manner, both orally and in writing.
- Demonstrates project management skills that include budget preparation, cost estimate projection and analysis, monitoring and control of expenditures.
- Enjoys the challenges of simultaneously running multiple projects in a demanding and fast-paced environment.
- Works effectively with consultants, contractors, and developers and collaboratively with other City departments and staff members.
- Is highly organized and possesses strong administrative abilities in monitoring contractor performance and contract compliance.
- Focuses work effort to carry out the City's Customer Service philosophy of actively listening, addressing customer concerns, and providing services at a level that exceeds customer expectations.
- Thrives in a team environment that encourages cooperation, communication, and mutual sharing of risk, responsibility, and reward.
- Identifies and generates "a better way of doing things" by viewing issues or problems as opportunities for improvement rather than as obstacles.
- Treats all individuals encountered equally and with respect, basing actions on honor and ethics.

Full-Time Associate Civil Engineer – Drainage

**\$82,073.19 – \$105,382.02 annually
Plus Excellent Benefits**

**Recruitment Closes – May 9, 2018 @
5:00 pm**

Minimum Qualifications

Minimum Qualifications	Associate Engineer
Experience and Training	Three years of professional level experience that relates to civil engineering, drainage engineering, transportation engineering, stormwater management, or a related field and similar to that of the Associate Engineer within the City of City Heights; public sector experience.
Education	Equivalent to a Bachelor's degree from an accredited college or university with major course work in engineering or a related field.
License	May need to possess a valid California driver's license and proof of automobile liability insurance as required by the position. Possession of current registration as a Professional Civil Engineer with the State of California.

Benefits

The hiring salary may be set anywhere within the salary range, based on a candidate's experience. The City offers first class benefits, including: CalPERS retirement (employee pays full member contribution), 136 hours of Annual Leave (to be used for vacation or sick time); 40 hours of Long Term Medical Leave; a substantial monthly City contribution toward health insurance, and if alternative group health care coverage is demonstrated, a \$600/month cash-out may be added to salary or deferred compensation; and fully paid family dental, family vision, life, and long-term disability insurance. The City does not participate in Social Security but does participate in Medicare and State Disability Insurance (SDI). In addition, the Associate Civil Engineer is a part of the City's management team; the position receives 10 days of Management Leave, a \$100,000 life insurance policy, and up to a 3% City-matching 457 deferred compensation contribution.

Application Process

To be considered for this position, you must submit a completed, official City Employment Application and responses to a Supplemental Questionnaire. If you do not complete and submit all required information, your application may be disqualified from further consideration. You are encouraged to submit a resume and cover letter in addition to the required materials, but these may not be substituted for the required materials.

- **ON-LINE APPLICATION:** You may apply on-line by visiting www.CalOpps.org. A cover letter and resume may be included as part of the on-line Employment Application under the heading "Additional Experience."
- **HARD COPY APPLICATION:** You may obtain a hard copy Employment Application by visiting www.citrusheights.net and downloading the application materials or you may request the materials by calling the Human Resources line at (916) 727-4731 or calling the TTY/TDD California Relay Service at 7-1-1. Submit hard copy application materials and resume to: City of Citrus Heights/Human Resources, Attention: Associate Civil Engineer – Drainage Recruitment, 6360 Fountain Square Drive, Citrus Heights, CA 95621. **No postmarked, faxed or e-mailed materials will be accepted.**

Selection Process

The City reserves the right to select applicants for further consideration who demonstrate the best qualifications match for the position. Meeting the required minimum qualifications does not guarantee an applicant an invitation to the next step(s) in the selection process. Only the most qualified applicants as determined by the City may be invited to the next step(s) of the process. Those candidates whose experience and training most closely match the City's needs may be invited to participate in a first interview and potentially a department interview. The finalist(s) identified at the departmental interview may be subject to a background and reference check process, including a Live Scan fingerprint criminal history check.

Method of Communication

- Primary communication regarding your status relative to this recruitment will be by e-mail; applicants are solely responsible for monitoring their e-mail communication messages and systems.
- Applicants are solely responsible for informing the City of changes in contact information, including but not limited to e-mail addresses, mailing addresses, post office boxes, and telephone numbers.

Additional Information

You may obtain additional information about this recruitment at <http://jobs.citrusheights.net>, or email hr@citrusheights.net. Contact Human Resources at (916) 727-4731 or the TTY/TDD California Relay Services at 7-1-1.

ALL INTERESTED APPLICANTS – PLEASE READ THE FOLLOWING INFORMATION

This listing is solely for the purpose of announcing job opportunities and does not constitute a contract, expressed or implied; provisions contained herein may be modified or revised without notice. It is the policy of the City of Citrus Heights not to discriminate against qualified employees or applicants because of race, color, religion, gender, sexual orientation, marital status, national origin, ancestry, citizenship, age, medical condition, physical or mental disability, or any other basis protected by law. Qualified individuals with a disability will receive reasonable accommodation, as required by the California Fair Employment and Housing Act (FEHA), and federal laws including the Americans with Disabilities Act (ADA) and Section 504, during any phase of the selection process, providing such request is made to Human Resources at least five working days in advance. Medical disability verification may be required prior to accommodation.
